Student Government

"We, the students of the Norfolk College of William and Mary, in order to promote among ourselves and with the community that spirit of mutual endeavor and responsibility which is essential to the education of mature citizens in a democratic society..."

The fostering of this goal is a worthy and serious task. This year the organization has worked successfully under the leadership of our first woman president, Anne Haste, towards meeting the demands of a growing student body in a growing institution. The Student Government has sponsored Federal Career Day, Parents Day, and co-operated with the Varsity Club in planning the Homecoming festivities. The organization handles all the elections held on campus, and it acts as a medium of communication between the college administration and the students through which ideas and plans may be conveyed to the students and to the governing body.

In keeping with the spirit of change for the 1961-62 college year, the student news magazine, known for more than thirty years as "The High Hat", changed its title to "The Mace and Crown", the idea being adopted from the equally new school symbol. With the new title also came a new system for news reporting: the "Newsletter", a bi-weekly supplement to the magazine was added to the student information system on campus.

In addition to its new name, the magazine featured a new format. Greater coverage of campus news, an enlarged editorial page, and an expanded features section which included from time to time student poems and essays, characterized the publication.

Student writers from each of the four classes worked to produce the twice-quarterly magazine. Another staff, composed of a completely different group of students, published the four quarterly issues of the "Newsletter". And working with both publications was an enthusiastic group of students from the college's journalism program; their contributions to the news staffs proved to be invaluable.

This year will be marked by the publication of the first *Troubadour*. The wandering minstrel from whom this name is derived went from town to town to collect and spread the news. In much the same way we hope to collect and preserve memories of the college year.

ALUMNI ASSOCIATION

We, the members of the Norfolk College of William and Mary Alumni Association, stand for the promotion of higher education, cultural activities and support of our college in every way possible. We feel there is an urgent need for making the alumni body a strong and helpful instrument in the growing times to come. We urge each of you to join our organization now, before you move out into your various fields of endeavor. Keep in close touch with us and we will keep you informed of our activities and growth through the alumni bulletin.

Through our officers, our board of directors and our secretary in our campus office we aim to keep records and information flowing smoothly to mutual advantage.

It is hoped that with the support of our college, through the Alumni Association, future generations may gain the opportunity to secure a college education and to bring honor to themselves and the American way of life.
WMTI-FM

After having been off the air for more than a year to install and test new transmitting equipment, WMTI-FM, “The Radio Voice of the Norfolk College of William and Mary,” resumed in the fall its nightly broadcasts to listeners in four states. Its powerful transmitting equipment, greatly improved over the station’s former facilities, carried to the homes of hundreds of interested persons in Virginia, Maryland, New Jersey, and North Carolina programs dealing with science and the humanities. WMTI-FM also employed about half of its program time in serious musical offerings.

To keep listeners abreast of the varied programming schedule, the station distributed a free program guide to subscribers which listed the complete broadcasting schedule for the month. Listener response to the free offer was such that by the end of the year, well over 500 names were listed on the program bulletin mailing list.
Sigma Beta Tau

“The purpose of Sigma Beta Tau is to promote leadership among the students and to serve as a liaison between the students and the administration in an informal capacity.”

Sigma Beta Tau, an honorary society for students with outstanding leadership and achievement is limited to ten members selected by the old members each year. Members have to have held major offices on campus and maintained at least a 1.5 average.
Delta Phi Omega

This Honorary scholastic society was inaugurated at the college in May, 1959, in order to encourage scholastic achievement. Delta Phi Omega is a local honorary society which aspires to be a stepping stone to Phi Beta Kappa. The society is expanding along with our fast-growing Norfolk college. The requirements for membership include at least seventy-five semester hours of college work (with at least forty-five semester hours at the local college), a scholastic average of 2.5 or better and a clear record.
Sigma Alpha Iota

Gamma Zeta Chapter of this professional Music Fraternity was installed on William and Mary's campus in December, 1957. Membership is open to majors in music or music education who are interested in maintaining high standards in this field not only in the College but in the community. This year's activities included sponsorship of the American Music Program presented in October in honor of the late Eugene Paxhia and a reception in honor of Dr. Charles E. Vogan for his long years of service in musical, religious, and civic affairs. They have sponsored many interesting programs for the music students.
Westminster Fellowship

The Westminster Fellowship was organized on our campus in the fall of 1961. It was designed to meet the individual and collective needs of the Presbyterian students on our campus. The group furthers its purposes through regular meetings, lectures, socials, and discussions.

Debating Team

The debate team of the Speech Department of the Norfolk College of William and Mary has had a very active and moderately successful season this year. The varsity team tied for second place in the Virginia State Tau Kappa Alpha College debate tournament in November.

In its first season of major college competition from Pennsylvania to Florida the team compiled over a 60% win record in twelve tournaments. Since most of the squad will return in 1962-63, the prospects for the future are particularly bright.

Making up the Varsity Squad are Jim Bryan, Stan Dobson, Forrest Morgan, and Bill Stewart. Missing is Lee Morris.

Forrest Morgan and Lee Morris display the trophy they received at the 11th Annual Johns Hopkins Invitational Debate Tournament.
Because speech and hearing difficulties constitute an obvious hazard to educational, economic, and social achievement, the Speech and Hearing Center of the College was established. Its services, which include evaluation and correction of speech and hearing difficulties, are available to the students and staff of the College as well as to the community. The Center functions under the auspices of the Speech Department and Conforms to the professional standards set down by the American Speech and Hearing Association.
Newman Club

The Catholic students' club on campus has a threefold goal in its existence: religion, intellectual stimulation, and social activity. The Catholic students further the attaining of this goal by their support of the regular meetings and special activities of the Newman Club.
Circle K Club

Circle K is a unique organization in that it is a service organization for college men and is similar to Kiwanis and other service organizations. It is a leadership and character-building group which serves the campus and the community. Circle K is not a social fraternity.

Circle K is an opportunity for college men because it provides means for the same type of leadership in a college community which service clubs are giving in the business and professional world: 1. An opportunity for joint as well as individual participation in many activities for service of humanity; 2. An opportunity for self-expression involving the life of the campus; 3. An opportunity for self-development; 4. An opportunity to serve and learn at the same time.

Wesley Foundations represent the organized educational ministry of the Methodist Church on the state college campus. They offer opportunities for college students to mature in their faith through worship, study, and service within the context of the Christian fellowship.

Weekly program meetings are held. These and other activities are planned by an elected council, with the assistance of the Director and the Faculty Adviser. Members of the local group have participated in the program of the Virginia Methodist Student Movement, which sponsors four state-wide conferences each year. They were the host to one of these conferences—the Model United Nations Assembly held on our campus in February. Four members attended the National Methodist Student Conference at the University of Illinois in August.

The Rev. John W. Inge is serving his second year as Director of the Norfolk Wesley Foundation and chaplain to Methodist students.
Alpha Kappa Psi is the oldest and largest professional business fraternity in the country. The first chapter was founded at New York University in 1904, and Epsilon Lambda chapter was chartered in 1959. The objects of Alpha Kappa Psi are to further the individual welfare of its members; foster scientific research in the fields of commerce, accounts, and finance; to educate the public to appreciate and demand higher ideals in these areas; and to promote courses leading to degrees in business administration.

Epsilon Lambda is one of the youngest of Alpha Kappa Psi's 120 chapters across the nation as well as one of the most active. Last year it was one of the top ten chapters in earning a perfect score in the annual chapter efficiency contest. This past year it was host to the Mideast Regional Conference of Alpha Kappa Psi here in Norfolk. In addition to its regular meetings and research projects, it sponsors a series of professional meetings open to all students at which leading businessmen speak. This past year the Republican and Democratic candidates for the Virginia House of Delegates participated in these programs. The Epsilon Lambda chapter also arranges several industrial tours where the brothers can see the application of their studies in industry and commerce.

Baptist Student Union

The Baptist Student Union is an organization supported by the Southern Baptist Convention and Virginia Baptist Convention. It is a student-led organization for the purpose of meeting their religious needs during their College years. There is provided an adult director who helps guide the work and serve as Chaplain to the students.

The B.S.U. sponsors annual Convention-wide and state-wide conventions, leadership conferences, retreat for International Students during Thanksgiving, Student Summer Missions program, weekly meetings, and social events throughout the year. This, plus concerted effort to learn more about their faith through Bible and doctrinal study, makes up the program of the Baptist Student Union.
The History Club aims to arouse interest in historical study, to ponder and popularize historical topics and problems, to assist the history faculty and department and to promote contact and companionship among students interested in history.

Mathematics Club

Entering its third season of activity, the Masquers produced two of their best productions to date. In the first quarter, “Andromache” and “Cyclops” were presented in a modern adaptation by Mr. Charles O. Burgess, the Faculty Advisor. During the Second, they presented the controversial “All the King’s Men.” With new and old members, the Masquers continue to bring good drama to the campus.

Participating in Andromache are Anne Williams, Frank White, Melanie Smither, Bob White, Sondra Perkins—

Andromache, Nelson Williams, William Boulden, Francesca Rodgers, Linda Kiefer, and Linda Thornton.
It is with mixed feelings that the members of the Masquers’ Society express their appreciation to their mentor and sponsor.

Mixed on the one hand because Mr. Burgess has found it necessary to relinquish sponsorship of the group and on the other because no organization could have asked for a sponsor more sympathetic to its needs.

Through the past three years of the Masquers existence, Mr. Burgess has guided the organization through nine major productions as director and sponsor. The results of these reflect great credit upon himself and the college he represents.

Let it be said that no man did more, or could have done more, to insure the success of one student group. With gratitude and respect, we held him “indispensable” and give all honor to his work.

Synchronettes

The Synchronette Club was organized in 1958 by Mrs. Beverley Burton. The purpose of this organization is to promote interest and increase skill in swimming. It provides an opportunity for group instruction and participation in water ballet and other advanced swimming activities.

The club presents an annual water show in the late spring. Numbers are choreographed and music is selected by the students—with the approval of the faculty advisor. This year a show was given in April and included numbers by the Orchesis Dance Club and the Gymnastic Club.

New members of the Synchronettes get a first-hand look at the scrapbook from Mrs. Beverley Burton, the Faculty Advisor.
OPERA WORKSHOP

The Opera Workshop is a regular college course, offered every Tuesday night. The workshop is open to all interested singers, instrumentalists, and production personnel, amateur or professional. Students are also accepted for training in one or more aspects of show production such as scenic designing and costuming. Basic dramatics, staging, and characterizations are studied, as well as scenery construction and painting. All operas are sung in English.

The Opera Workshop was founded in 1951 by Dr. Charles E. Vogan. Their repertoire includes such productions as: Amahl and the Night Visitors, La Boheme, Carmen, Oklahoma, La Traviata, Carousel, Die Fledermaus, South Pacific and The King and I.

Scenes from the Barber of Seville which featured Eddy Ruhlguest tenor, Robert Randolph-baritone, and Jane Paxhia-soprano.
The Norfolk College of William and Mary Opera Workshop Orchestra was organized during the 1960-61 school year by the late Professor Eugene Paxhia of the Music Department. The orchestra made its debut, under the baton of Professor Harold G. Hawn in the Larchmont School Auditorium on March 10, 1961. The occasion was the World Premiere Performance of Professor Willard Robb’s Opera, “The Twilight Saint” for the American Music Festival. The group also played for the opera workshop productions of South Pacific and The Barber of Seville.

Although the chief function of the Opera Workshop Orchestra is to furnish orchestral accompaniment for performances by the college opera workshop, the organization accepted the added responsibility of furnishing accompaniment for the debut performance of the newly organized Norfolk Civic Ballet in April, 1962. The Orchestra also performed with the opera workshop when they presented The King and I.

Theta Mu Chi

Theta Mu Chi, the Merchandising Club, was organized in 1958. Since that time, the club has made increasing strides in obtaining its major aims and objectives. The opportunities for obtaining outside contacts are many. Leadership abilities are developed and refined. Merchandising knowledge is gained not only through academic study but through on-the-job training as well. Recreation activities are planned each quarter, along with various field trips into various merchandising centers in the area. This program enables merchandising students to gain a basic knowledge of distribution.
Canterbury Club

Designed to meet the individual and collective needs of the Episcopal students, the Canterbury Club fosters among students a better understanding of the faith, practice, and loyalty of the Episcopal Church. This Club was founded on the campus in the spring of 1958 and has grown in recognition. The group furthers its program through regular meetings, lectures, socials, and discussions.
Student Education Association

The Student Education Association is the collegiate subsidiary of the National Education Association and the Virginia Education Association. This organization helps each student majoring in the field of Education develop a professional attitude toward his future career, and membership of the SEA is limited to juniors and seniors in this field.

Primarily, the projects of the SEA have been concerned with acquainting its members and the residents of the Tidewater Area with the aspects of education. A library showcase display prepared by the SEA helped to emphasize American Education Week. Delegates went to a state collegiate education convention and represented the William and Mary students for the first time.

The 1961-1962 season of The Norfolk College of William and Mary Concert Series presented four concerts. The first was a concert by the Roger Wagner Chorale. Henryk Szeryng, violinist, was presented in recital on February 7, 1962; Emil Gilels, the Russian pianist, appeared on March 6th, and the Series was brought to a close by Elizabeth Schwartzkopf, soprano, on April 16, 1962.

The Series is a membership organization. Tickets are available to patrons in the city as well as to students of the College. The Series is managed by Mrs. Leighton T. Bohl, Jr., whose office is in the Fine Arts Building where she serves as Music Librarian and Secretary as well.

Varsity Club

The Varsity Club was created for the purpose of promoting friendship, understanding, and mutual respect among the different groups which make up our athletics on campus. Membership is extended to any William and Mary student who has earned a monogram through competing in any varsity sport. This organization has done much to further student interest in athletics.
American Society of Civil Engineers

The V. P. I. Branch of the A. S. C. E. is the oldest national professional society on campus. Its purpose is to acquaint engineering students with different aspects of practical engineering outside of the school. To this end, the society sponsors field trips to various industrial areas around Tidewater.

Felton, Nancy Gorbea, Janet Grenholm, Connie Hudson, Marilyn Jernegan, Terry Ruggles, Beth Stanley, Bobbie Thompson, and Diane Walters.

Student Wives Club

The objectives of the club are to bring together wives of the students attending the Norfolk College of William and Mary and to foster free and cultural programs for the enjoyment of all wives. Wives of seniors may apply for the PhT (Putting Hubby Through) Degree which is presented in June when their husbands receive their degrees. Candy and name-address labels were sold as a money making project this year. The programs of the club included speakers on hypnotism, charm, flower arranging, and Child and Family Service.
Activities on Campus
