All manuscripts and correspondence should be sent to the Editor (wwieland@umw.edu). The Virginia Journal of Science welcomes for consideration original articles and short notes in the various disciplines of engineering and science. Cross-disciplinary papers dealing with advancements in science and technology and the impact of these on man and society are particularly welcome. Submission of an article implies that the article has not been published elsewhere while under consideration by the Journal.

Do not use special effects such as bold or large print.

The title, author’s name, affiliation, address and e-mail should be placed on a cover page. An abstract (not to exceed 200 words) summarizing the text, particularly the results and conclusions, is required. The text should follow the general format used by professional journals in the author’s discipline. The Virginia Journal of Science has an on-line style manual (www.vacadsci.org). In-text references should follow the name-year format: (McCaffrey and Dueser 1990) or (Williams et al. 1990). In the Literature Cited section at the end of the article, each reference should include the full name of the author(s), year, title of article, title of journal (do not abbreviate), volume number and first and last page of the article.
