Out-Brief Slides:
Municipal Planning Advisory Committee
Desired Outcome(s)

- Ensure representation from all regional municipalities and counties
- Create scientific-based messaging representing what impacts the region can anticipate for planning purposes
- Create consistent messaging delivered by elected officials to all stakeholders
- Communicate, educate, and listen to constituents in order better inform planning strategies
- Develop a toolbox for planning, mitigation, and adaptation for residents
ACTIONS – Immediate

- Create the charter for the committee
  - Mission Statement
  - Membership
  - Operational process
  - Deliverables

- Coordinate with regional emergency management officials on critical infrastructure and mass care (ESF6)

- Develop draft scientific-based messaging
ACTIONS – Near-Term

- Research of best practices
  - Transfer of development rights
  - Uniform Building Code for Regional Adaptations
- Develop recommendations for legislative actions based on research and community input
- Establish a single point of contact for citizens to obtain information on climate change mitigation and adaptation
Finalize recommendations for legislative action and submit to local governments for inclusion in legislative agendas
Challenges and Opportunities

- **Challenges:**
  - Number and complexity of municipalities
  - Different levels of development among the cities
  - Resource constraints

- **Opportunities:**
  - Working with federal partners to understand center of gravity for coastal communities, sea level rise, and climate adaptation
  - Collective need for action
  - Ability to capitalize on work done and current initiatives
  - Strong focus on climate change adaptation from the whole community including local, state, and federal partners
