

Waters Rising: A View from Our Backyard

WHAT TO DO

Some simple things you can do today

Easy ways to make a difference every day:

- Wash clothes in cold water
- Turn down water heater
- Power down electronics and unplug devices when not using
- Use energy-efficient, compact fluorescent lighting
- Buy organic and local food
- Eat less meat, especially red meat
- Invest in a good, reusable water bottle and reusable grocery bags to reduce single use plastic (Check out [rePurpose!](#))
- Walk or bike to work
- Ditch plastic cups and straws
- Don't litter
- Pick up your pet's waste
- Plant trees
- Harvest rainwater
- Offset your carbon footprint
- Speak up! Encourage your family and friends to do the same.
