To The Class of 1978:

The Alumni Association is happy to make possible once again a senior yearbook for the recent graduates of Old Dominion University.

The TROUBADOR is a chronicle of your college days at ODU. It documents moments of a special time in your life and records a segment of the school's history.

We wish to extend our warmest congratulations, to welcome you as our newest members and to offer the services of the Alumni Association.

Regards from your Alma Mater.

Sincerely,

A handwritten signature in cursive script that reads 'Ray'.

Your ODU Alumni Association

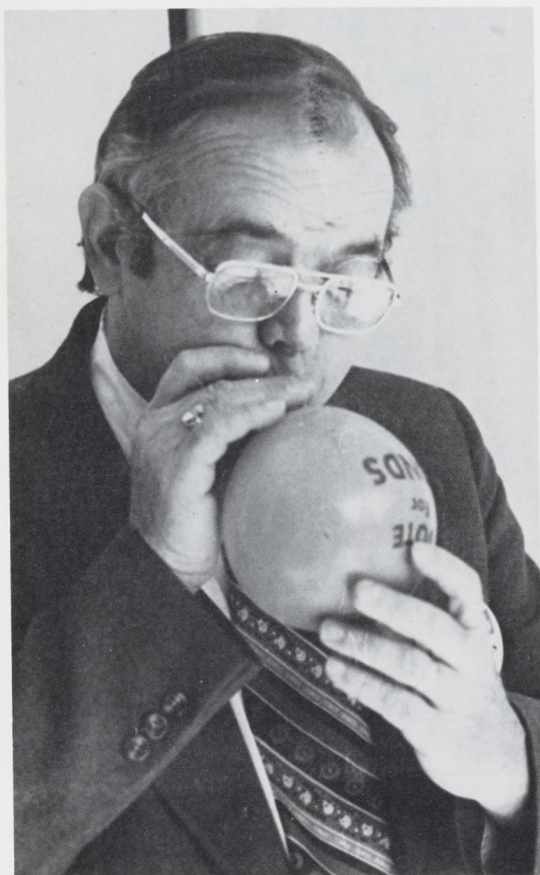

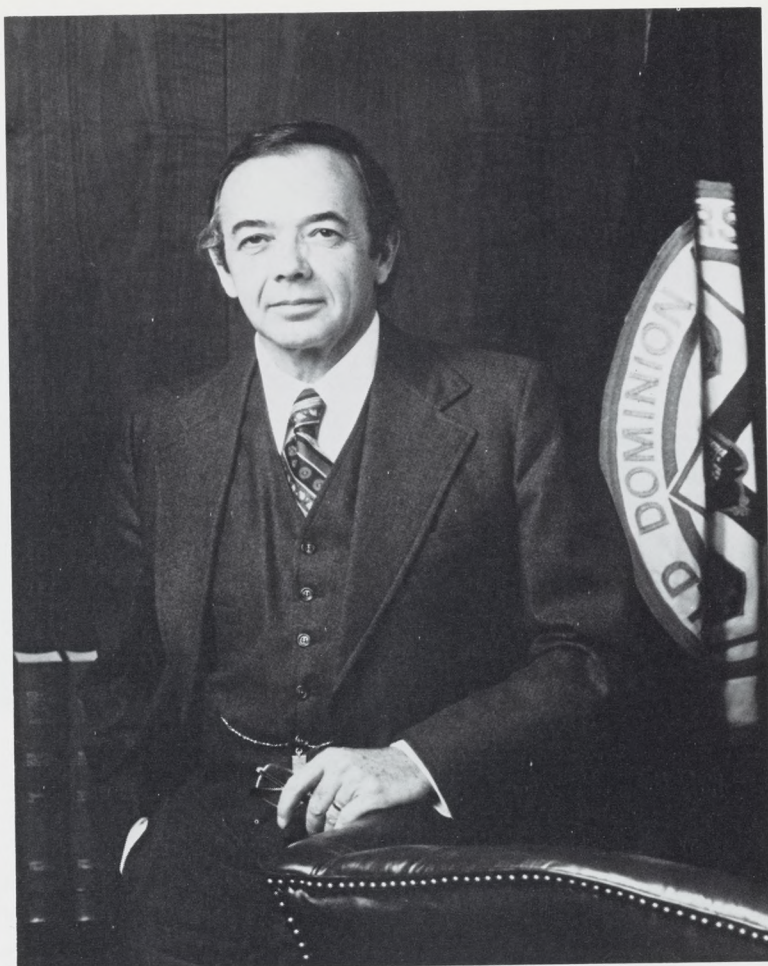

What Is Your ODU Alumni Association?

Homecoming . . . world tours . . .
keeping you up on news
of your friends . . .
Phonothon . . . wine and cheese . . .
helping today's students . . .
and most of all, you!

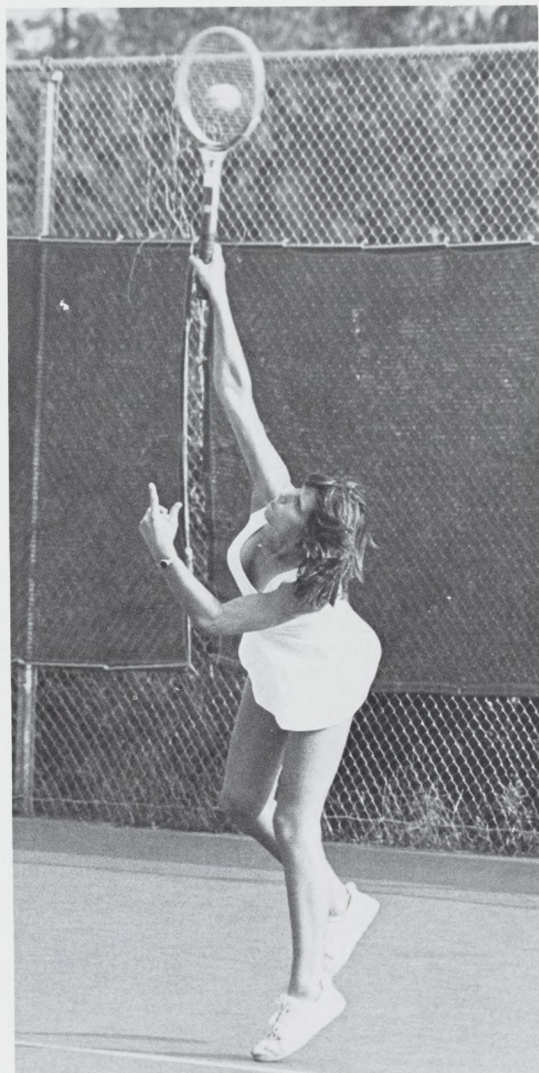

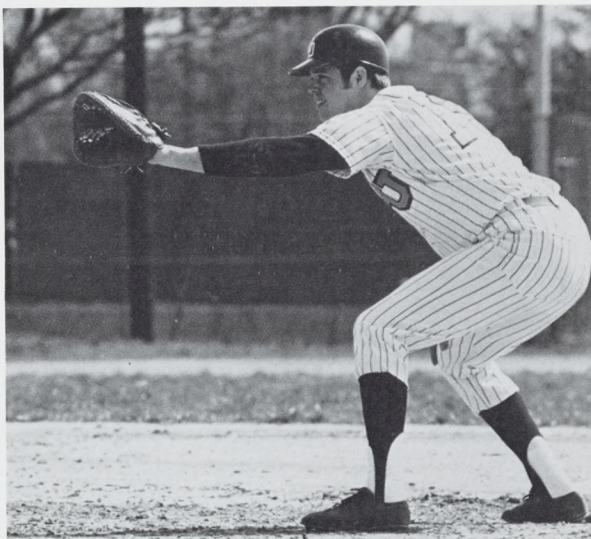

A New President

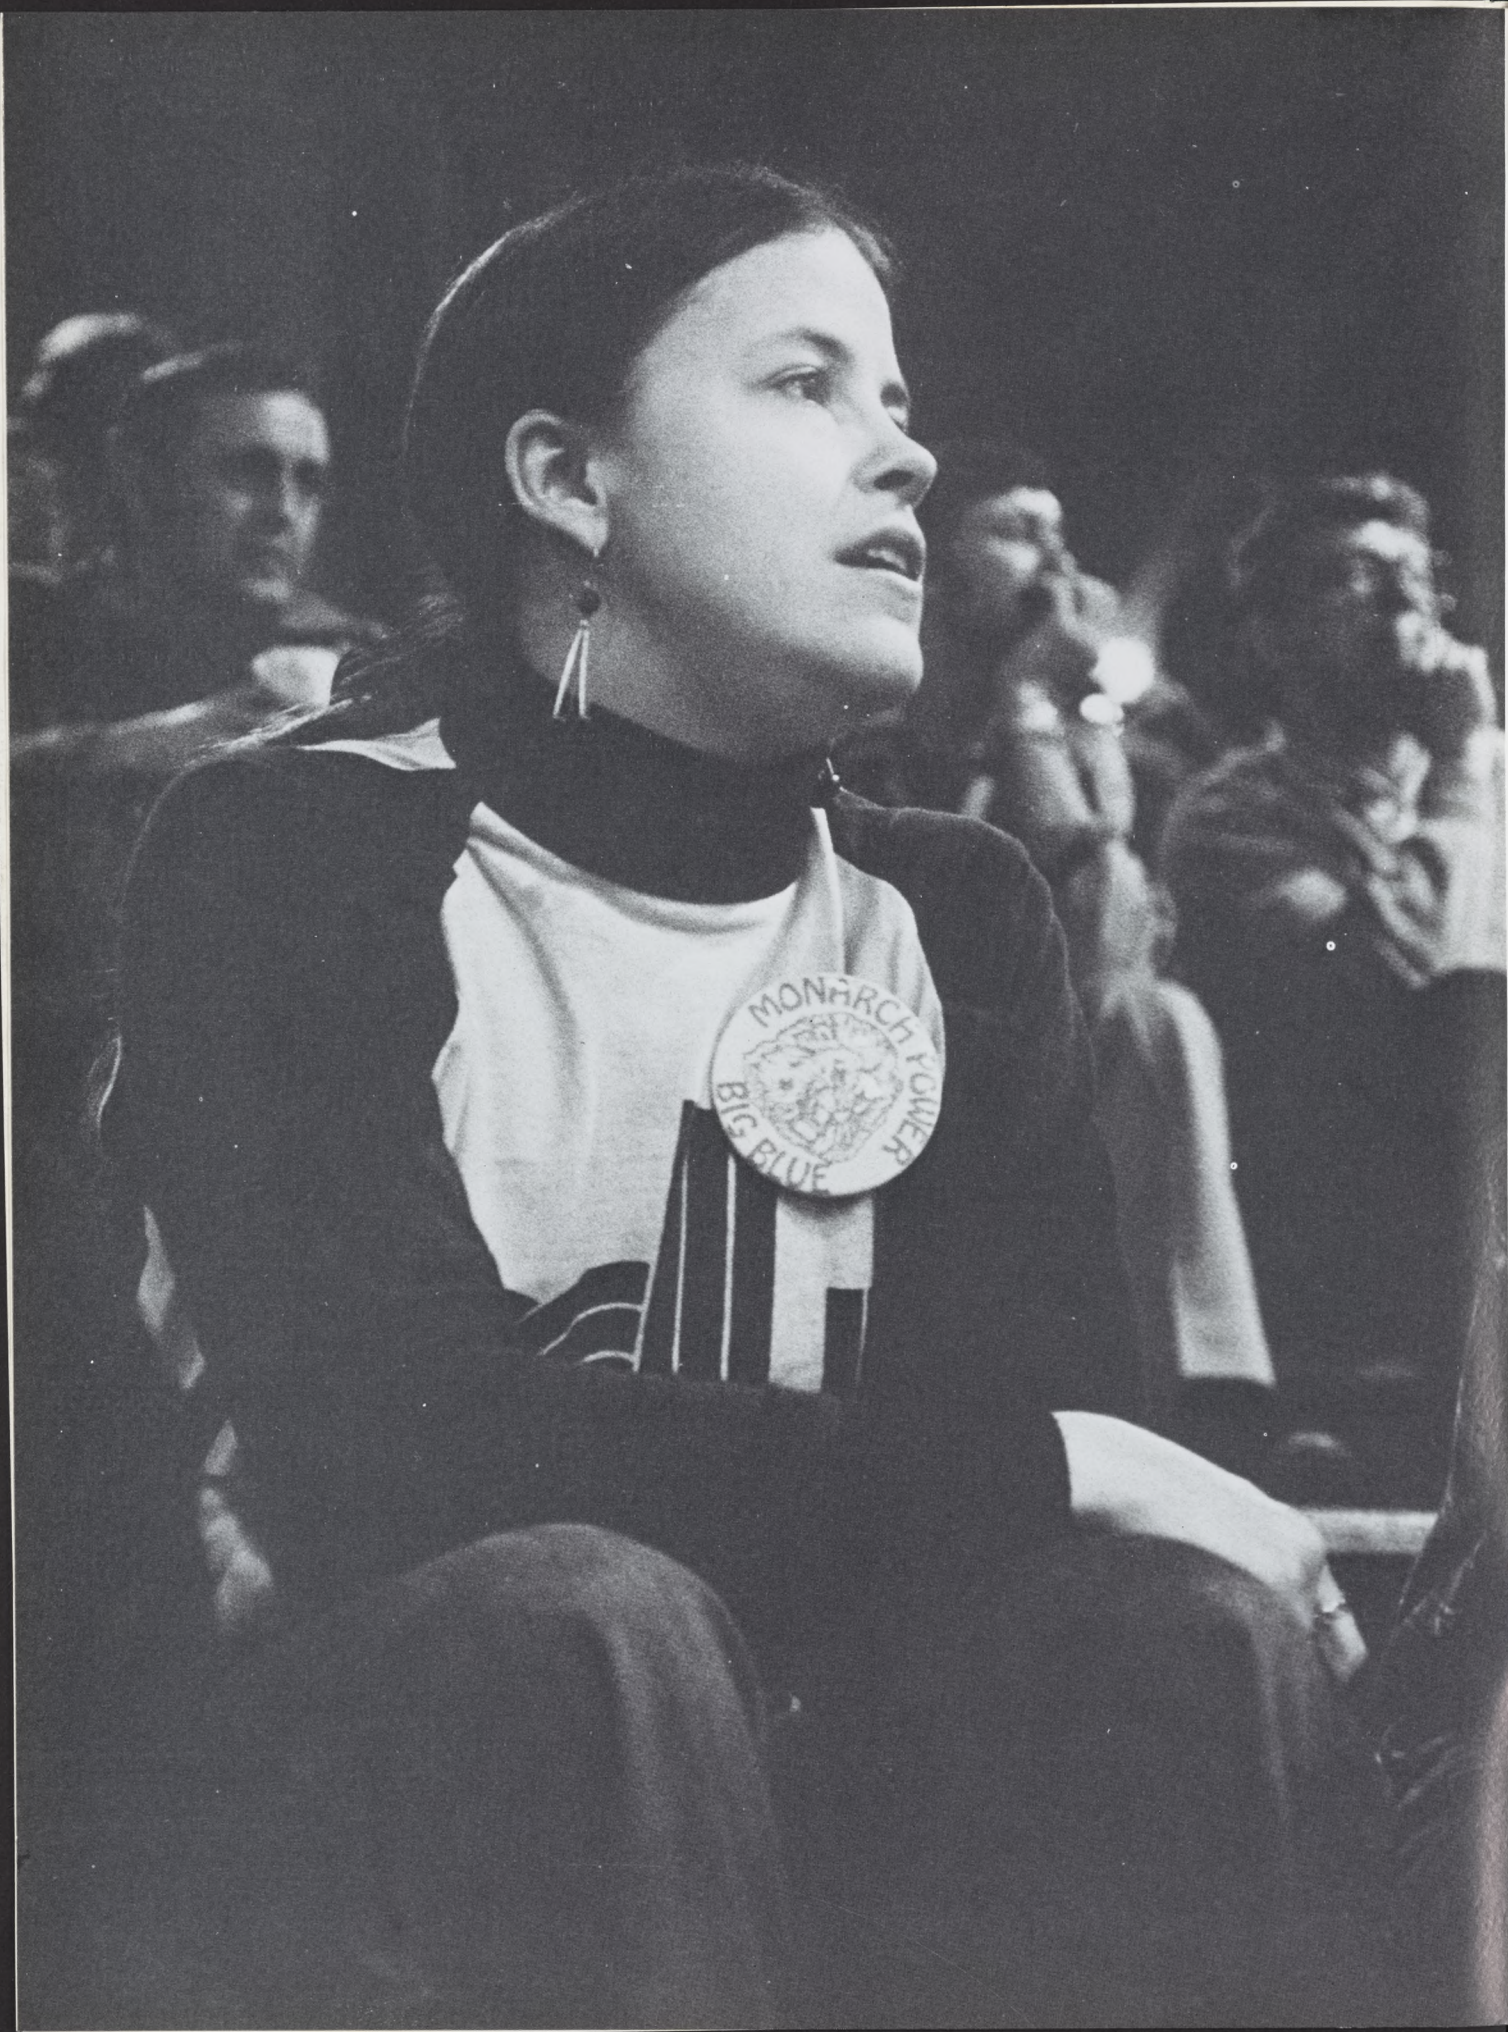

Al Rollins came to ODU from the hills of Vermont in the summer of 1976 bringing with him a strong Yankee determination to do well. He has acted boldly and efficiently and has distinguished himself and the university. He is no stranger now, and many count themselves as friends of the president.

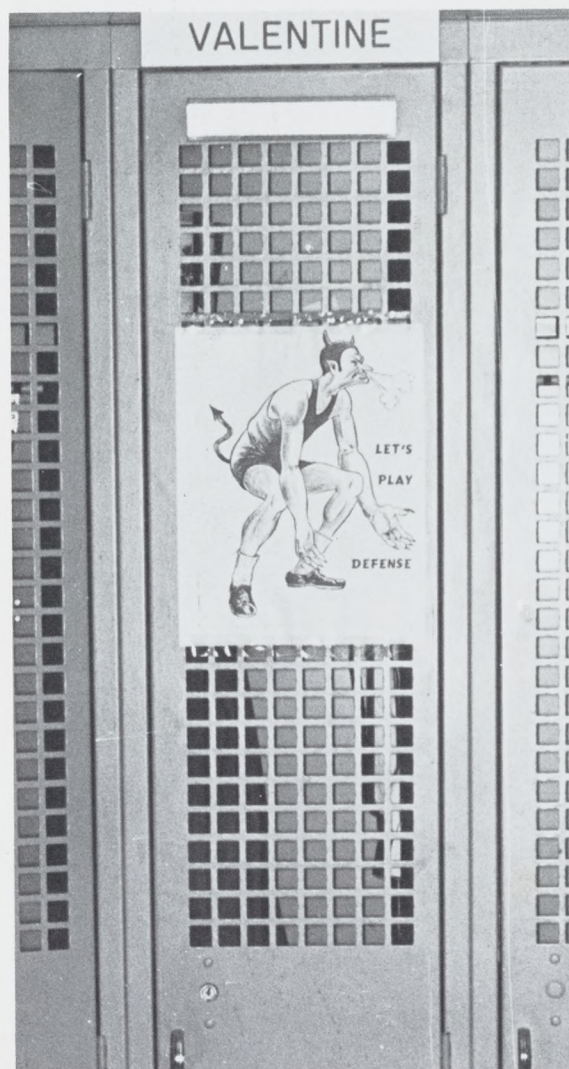

. . . and new prestige for ODU

The Big Blue, now at home in Division I, continued to be a force to be reckoned with. During Homecoming '78 an enthusiastic crowd watched ODU topple arch-rival William & Mary by one point while a regional television audience watched the Monarchs on NBC-TV. The Lady Monarchs played well also, and captured NWIT honors. But basketball was by no means the only sport and Monarch Blue was a familiar color to athletes all around the United States.

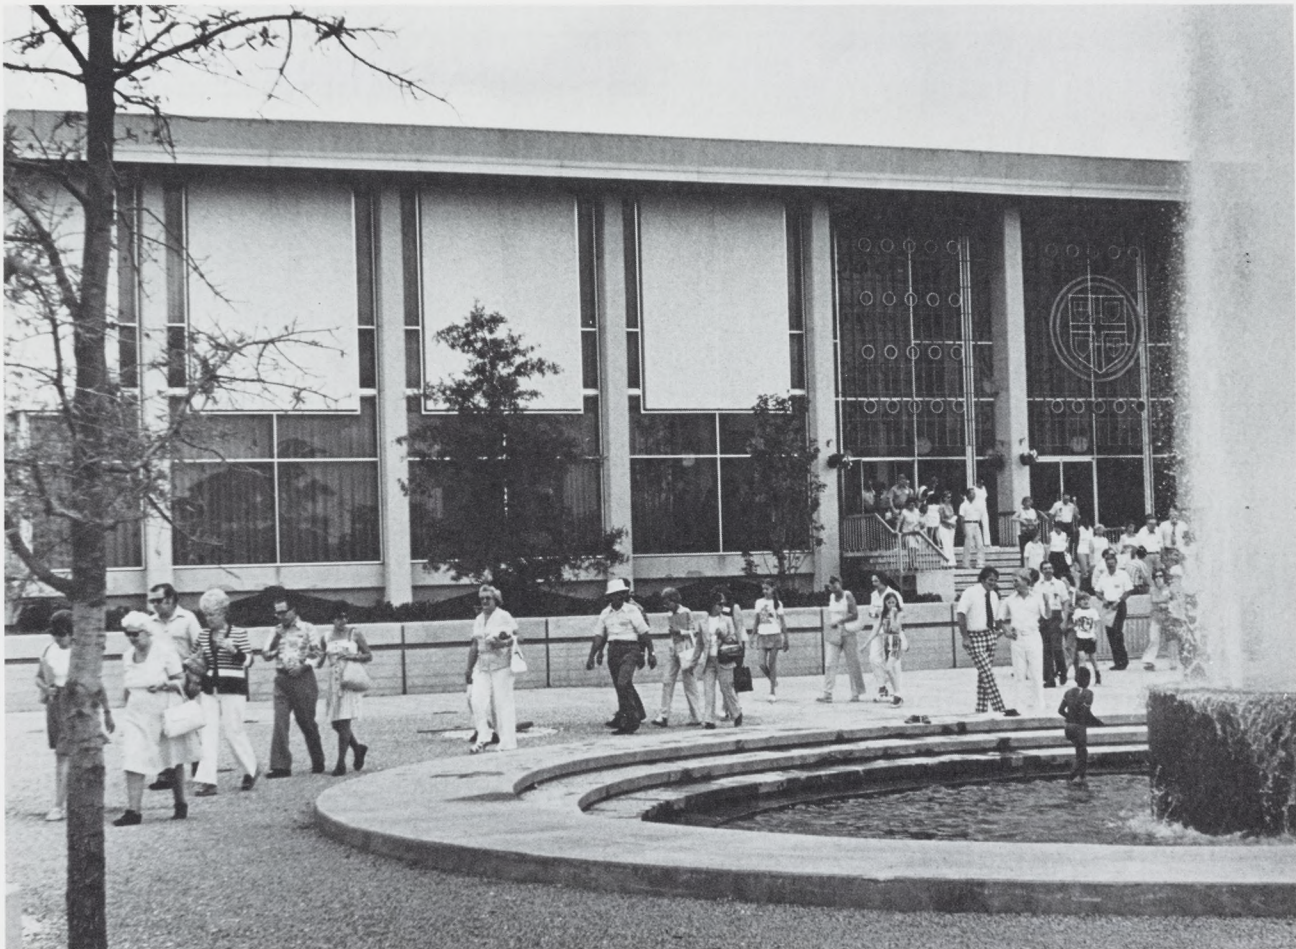

The paths
we tread...

Our University...

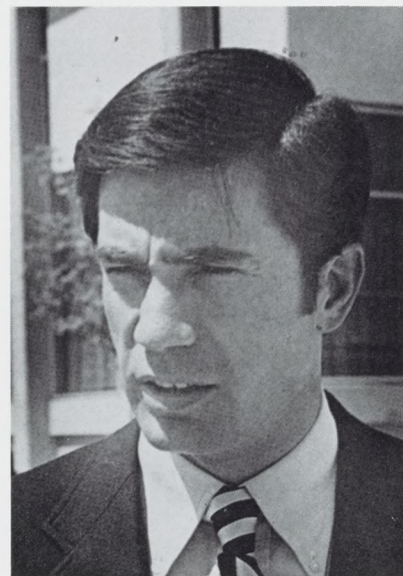

...Our
Lives.

The Politicians . . .

He came once as Jimmy to ask support, he came later as the President and thanked the people for their help. Carter was popular among ODU student who put many hours into his campaign effort.

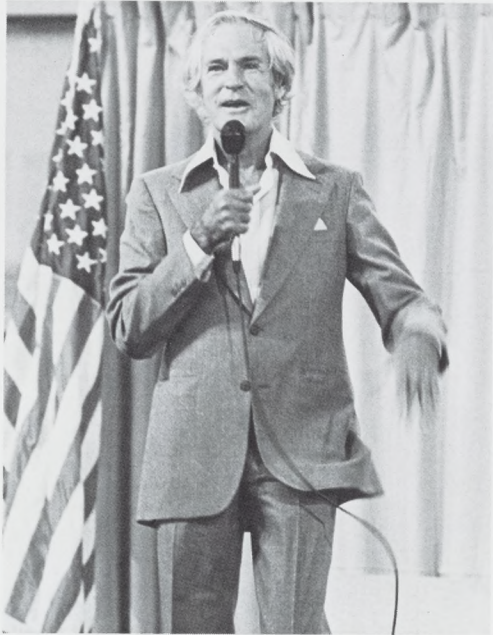

Chuck Robb was at ease and welcome on the ODU campus during his many campaign visits.

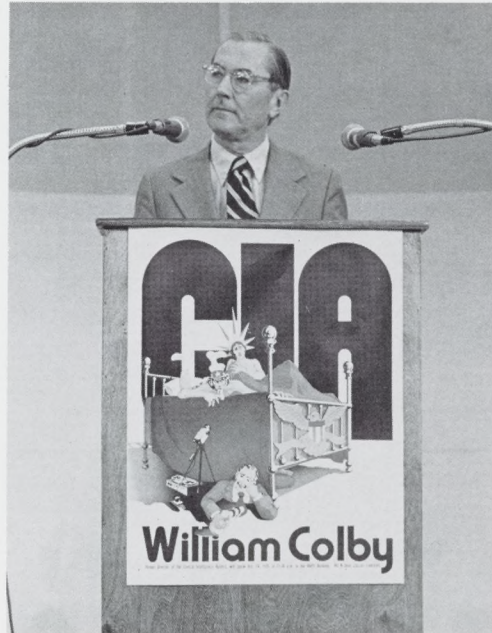

ODU had a vested interest in the passage of the 1977 bond package: a \$6.1 million life sciences building. Governor Mills Godwin, in the eleventh hour of his administration came to ODU to promote the bonds which were later approved by the voters.

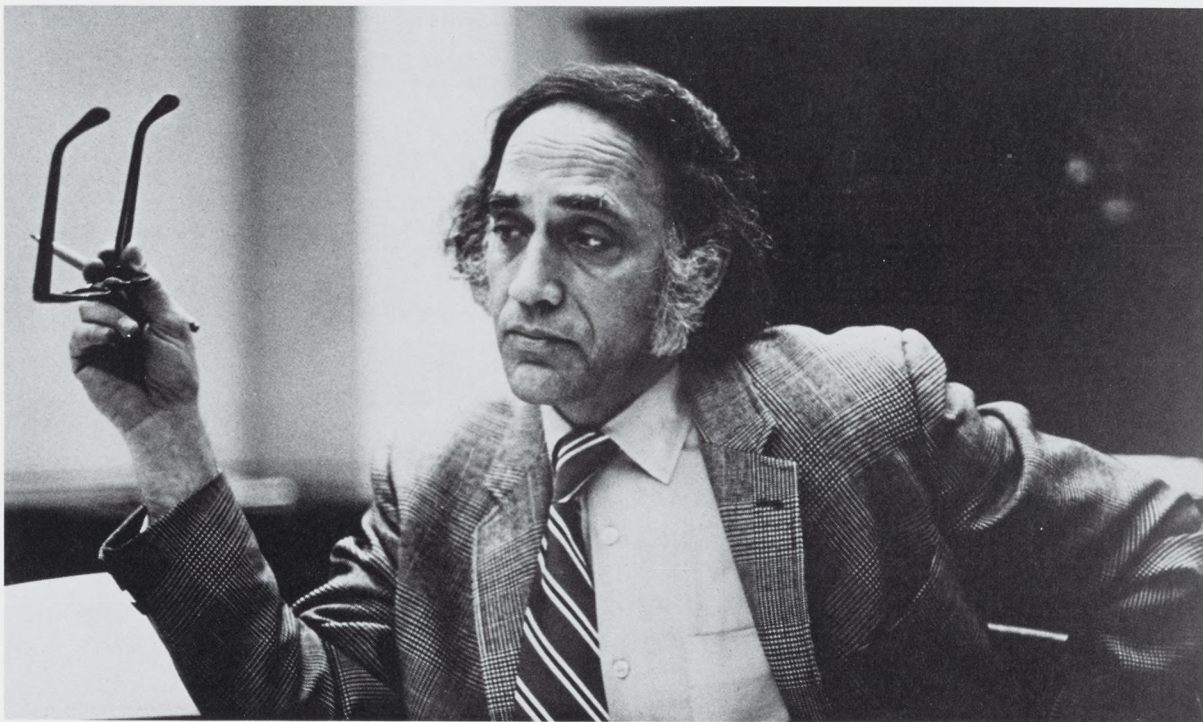

. . . and their observers

Former CIA director William Colby tantalized his ODU audience with tales of cloaks and daggers.

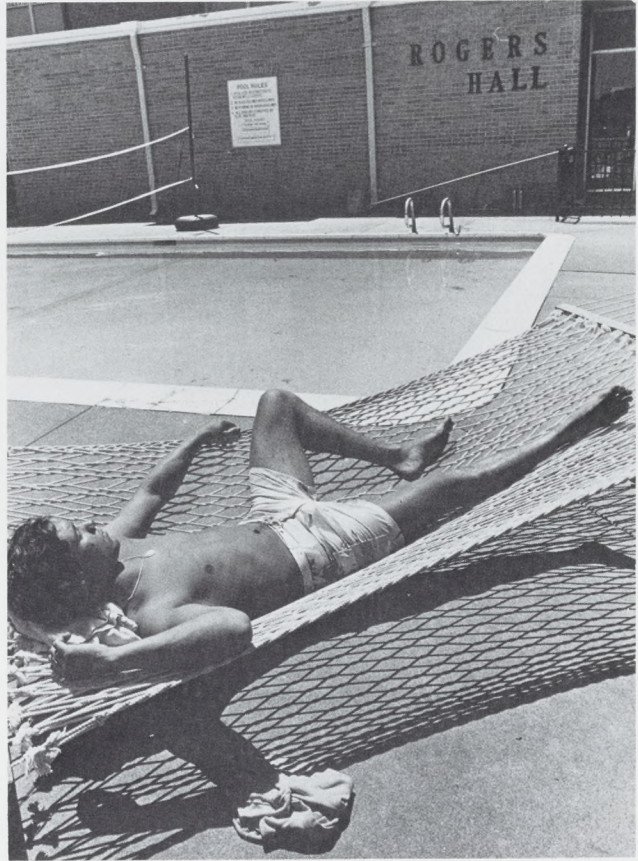

Timothy Leary, former LSD guru, told students his new "trip" was space migration.

William Kunstler warned students against the dangers of censorship at a time when Norfolk was weighing the effects of new pornography laws.

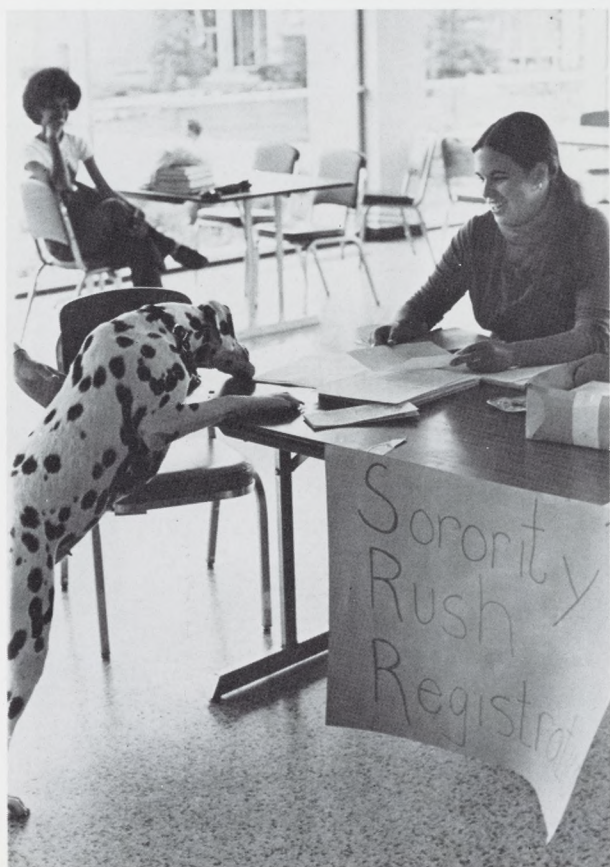

Rain or Shine . . .

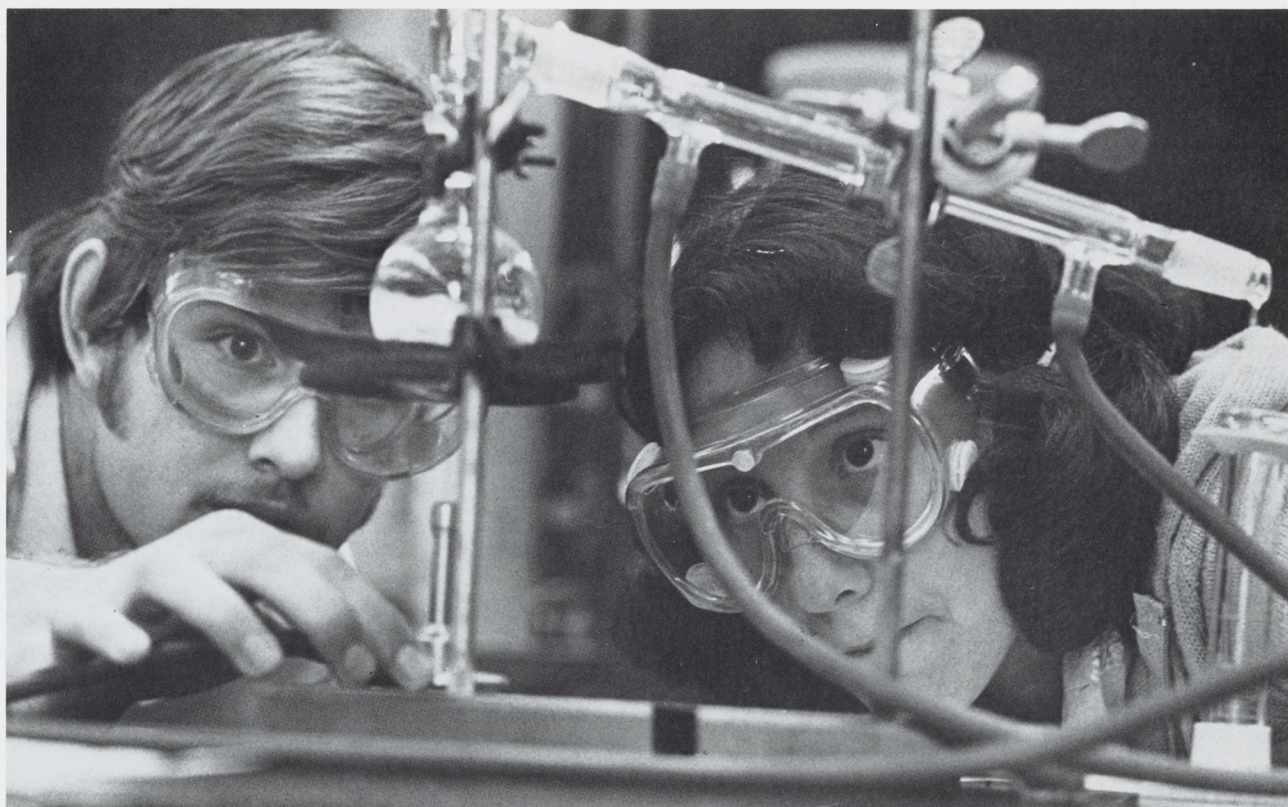

... books still
rule the day.
