Homecoming, the weekend of Jan. 25-28, is the perfect chance for everyone to blow off some steam, and strengthen their sense of pride in our school. Opening up the weekend of activities was the pep rally. Held in Webb Center during activity hour, students and faculty got pumped up and ready for a weekend of fun. Later on that evening, sororities participated in a Powder Puff Football game in which the only serious injury was a broken nail. Following the game was the Spirit Fire. Quite ironically, the bonfire that everyone was to sit around and enjoy the ending of a great night, did not light.

The only activity that was held on that Friday was the Homecoming Ball. Held in Athletic Administration building, this is where students can dance the night away and find out who this year’s Homecoming King and Queen are. This year, our King was Immanuel Watkins, with his Queen, Tanya Rollins by his side.

Saturday was day full of stuff to do. Monarch Family Frenzy Day, this was where hopeful students got all their admissions and enrollment questions answered as well as receive a

(Far Left): The powder-puff football game on Powatan field turned into a free for all. (Left): As new groups passed by on Hampton Blvd., the words of past Alumni watch silently. (Above): IKA and ZTA show their spirit by trucking together.

The major event of the day though was the Homecoming Parade. Student organizations had the chance to express their school spirit with a float in the parade. The perfect end to that day was the tailgate at the Norfolk Scope followed by the Monarchs vs. the Richmond Spiders basketball game.

Sunday tied everything together with the closing ceremonies. Held in the University Fieldhouse, students and faculty wrapped everything together and prepared for the fast paced action of a game between the Lady Monarchs and Tennessee.

With Homecoming done and gone, all we have are the memories now, albeit some could have been better. But, we are not going to let an unlightable bon fire represent our sense of pride, because we Monarchs have our own fires burning within, and they surpass all others.
