

**VAS Winners - Fall 2010 Undergraduate Research Awards**

Grants of \$500 were awarded as follows:

**Brandon Newmyer**

Radford University

Faculty Advosor: Mark Cline

Project title: Determining the  
Hypothalamic Mechanisms of  
Neuropeptide AF-Induced Anorexia  
in a Mammalian Model

**Collette Dougherty**

Radford University

Faculty Advisor: Mark Cline

Project title: Central Mechanisms of  
Gastrin-Releasing Peptide-Induced  
Anorexia in Chicks

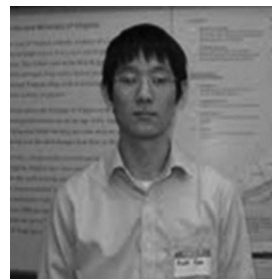

**Andre Han,**

Virginia Tech

Faculty Advisor: Pablo Sobrano

Project title: Biomedical Characterization of  
Flavin Adenine Dinucleotide Dependent  
Monooxygenase from *Aspergillus fumigates*

**Erin A. Haynes and  
Bowyn A. Wang**

University of Mary Washington  
Faculty Advisor: Theresa Grana  
Project title: Nematodes in Virginia:  
Comparative Development and  
Model Organism Characteristics

**Anum Shaikh**

University of Mary Washington  
Faculty Advisor: Deborah O'Dell  
Project title: Effects of Combined  
Vitamin C & E Treatment on Plaque  
Formation in Alzheimer's Disease
