Old Dominion University
Welcome 2002

Old Dominion University

Sponsored by the Division of Student Services
Dear Monarchs,

Welcome to Old Dominion University! My name is Lauren Marsh, and I am your Student Representative to the Board of Visitors for the 2002-2003 academic year. In your time here at Old Dominion, you have an exceptional opportunity to get involved and make a difference in our young and growing University while obtaining a first-rate education.

We are fortunate to have an outstanding group of people leading Old Dominion University. Our faculty and staff and administrators are all willing to go the extra mile to assist in meeting your individual needs. Additionally, be certain to utilize the many services offered though our institution, such as the Career Management Center, Advising Services, the library, computer labs, and Writing Tutorial Services.

Old Dominion University boasts nationally recognized programs in a number of academic and athletic arenas. In addition, we continue to advance through technological innovations, such as the Magnetic Levitation Train running through campus and our TELETECHNET Distance Learning Program. We are the most diverse university in the state of Virginia on the basis of age, gender, race, and ethnicity, and we serve students from 119 countries around the world.

An exciting year lies ahead and you can be a part of making it happen. Becoming a part of the Old Dominion University community is the best way to enhance your college experience. There are nearly 200 student organizations here on campus ranging from special interest groups to department specific clubs and honor societies, as well as Greek organizations. Attend the organization fair September 12, 2002, known as Mainstreet, to find out which organizations best suit you.

Your four years at Old Dominion University will include many of the best times of your life. Here is an opportunity to make new friends and discover who you are. Go to your classes, attend athletic events, and take advantage of every moment to have fun. Wear blue and silver with pride, as we are truly building a great tradition.

If you have any questions, concerns, or suggestions, please don’t hesitate to contact me at Lmars004@odu.edu. Have a wonderful year.

Respectfully,

Lauren Marsh
Student Representative to the Board of Visitors
Welcome!

A successful beginning of any significant experience is always crucial to the venture's ultimate success. Your college experience is no different. Your accomplishments during the first six weeks of your freshman year are crucial to your ultimate success. Meeting new friends, finding your way to needed support services, recognizing the differences between your previous academic experiences and the challenges of a collegiate environment are some of the important steps which you will take during the first weeks of your first year. All are critical to a successful transition and to your academic success. The information contained in The New Student Record is meant to assist you as you begin this important part of your college experience.

Don't hesitate to contact me via e-mail at dburnett@odu.edu or by phone at 683-3442.

Good luck!

Dana D. Burnett

The Office of Residence Life provides students living on campus with the opportunity to refine their interpersonal skills and to establish a cooperative living and learning community. Sharing a living area with hundreds of other students creates a unique sense of excitement and energy; it also carries certain responsibilities and behavioral expectations.

Specialized living options address students' needs and interests. The First Year Experience (FYE) Program focuses on the distinct needs of first year students with programs, workshops, and in-house support services. Also, living and learning communities enhance student experiences by providing faculty involvement and connections with students of similar interests.

COUNSELING SERVICES

Individual, couple and group counseling is available to help students with personal, academic and career concerns. The reasons why people seek counseling are as varied as people themselves. Individuals coming to Counseling Services for counseling are usually seeking more effective and rewarding lives by confronting personal problems, career questions, skill development issues or value questions. Counseling is not only for people with "problems." Many people, including highly successful ones, find significant benefits in counseling. These benefits increase self-awareness, maximize potential and make the college experience more productive and meaningful.

Counseling Services also provides a wide variety of programs and workshops to aid students in their personal and professional development. Some topics include Communication Skills, Assertiveness, Time Management, Career Planning, Academic Success Groups, Stress Management, Men’s Programs and Women’s Programs.
The Office of Student Activities and Leadership serves to facilitate students’ co-curricular education and seeks to foster student involvement in student organizations and events. The office brings together faculty, staff and students in a variety of programs, activities and events which broaden the university experience and complete the educational mission of the university.

LEADERSHIP DEVELOPMENT

The Old Dominion University Leadership Development Program provides a variety of programs, services, and experiences that assist students in the exploration and refinement of their leadership abilities and their preparation to become active participants in the community.

STUDENT ORGANIZATIONS

The benefits and rewards of joining one or more student organizations on campus vary depending on you! Some of the best reasons for getting involved are making new friends, exploring careers and gaining that Monarch pride!

COMMUTERS

The Office of Student Activities and Leadership extends quality service to thousands of students annually and responds to the needs of the commuter’s lifestyle by providing Ride Share Programs, Monarch Battery Booster, Off-Campus Housing List, Landlord/ Tenant Mediation Services and the Good Morning Commuters Series.

STUDENT SENATE
1050 Webb Center/ 683-3438
http://web.odu.edu/ao/studentsenate/

The Student Senate serves as your student government here at Old Dominion. We are your voice to the administration, passing on your concerns and proposing solutions to campus problems. We also serve as a guide to other student organizations, establishing minimum guidelines for campus activity, as well as allocating organizational budgets. The Senate is also very active in putting on special events throughout the year for the entire campus to enjoy.

The Student Senate is composed of 39 student senators and 3 executive officers. We encourage you to make your voice heard and apply to hold one of these seats. With your help, the Senate will continue to provide valuable services, activities, and resources for the student body, making Old Dominion a better place for everyone.
The Student Activities Council (SAC) is an entirely student-run organization with the goal of providing programming for the students of Old Dominion University. With programs ranging from candle making to concerts to Homecoming, students will never be bored! Some past events include concerts such as All Skool, Fuel and Outkast in concert as well as countless novelty programs, such as fantasy photos and bumper cars. Weekly free movies are also included in SAC’s programming for the year.

Films, Special Events, Concerts, and Homecoming are some of the committees that make up the Student Activities Council. Committee members help in planning and organizing events in their area. New membership is always welcome! As a past director of SAC said, “WE MAKE JOY!”

The Mace&Crown was founded in 1930, just after (then) Old Dominion College separated from the College of William and Mary. Then, the publication was called High Hat. In 1961, Old Dominion University’s student newspaper became known as the Mace&Crown. Because the lion is Old Dominion’s mascot and a lion is a monarch, the Mace and Crown represent symbols of royalty. In 2001, the paper reached another important landmark in its history. It launched a Web site, www.maceandcrown.com. In spring 2002, the Mace&Crown became two separate entities: the Mace&Crown, the student organization which publishes the print edition, and MaceAndCrown.com, another student organization which prepares the online version of the paper. In a recent competition organized by Student Leader, the MaceAndCrown web site ranked second in the nation.

The Laureate’s doors are open to anyone and everyone wishing to help us better document the activities, events, celebrations, and even the tragedies that go on throughout our years here at Old Dominion.
